

Mekong River Commission

Regional Flood Management and Mitigation Centre

Weekly Dry Season Situation Report for the Mekong River Basin

Prepared at: 14/03/2016, covering the week from the 07th - 14th March 2016.

Weather Patterns, General Behaviour of the Mekong River and Dry Season Situation

General weather patterns:

No critical weather during last week

General behaviour of the Mekong River:

Compared to the long-term average (LTA), the water levels from Chiang Saen to Paksane were increasing/ fluctuating above the LTA. From Nakhon Phanom to Kompong Cham were decreasing/ fluctuating above the LTA, the rest were below LTA.

For stations from Chiang Saen and Luang Prabang

Compared to long term average (LTA), during last week the water level at Chiang Saen was increasing and Luang Prabang stations were fluctuating above the LTA, respectively.

For stations from Chiang Khan, Vientiane and Nong Khai and Paksane

Compared to long term average (LTA), during last week the water levels at these stations were fluctuated above the LTA.

For stations from Nakhon Phanom to Pakse

Compared to long term average (LTA), during last week the water levels at these stations were fluctuated above the LTA.

For stations from Stung Treng to Kompong Cham

Compared to long term average (LTA), during last week the water levels at these stations were fluctuating above the LTA, except Kompong Cham were below the LTA.

For stations from Phnom Penh to Prek Kdam

Compared to long term average (LTA), during last week the water levels at these stations were fluctuating below the LTA.

Tan Chau and Chau Doc

Compared to long term average (LTA), during last week the water levels at Tan Chau and Chau Doc stations were fluctuating below the LTA, respectively.

Dry season situation

During the last week, no rain at all in Lower Mekong Basin (see Table A2).

For more details see the following annexes:

- Tables for observed water levels and rainfall for the last week in Annex A
- The water levels graphs showing the observed water levels for the season in Annex B

Annex A: Graphs and Tables
